2019 RESIDENCY PARTNERSHIP PROGRAM GUIDELINES

Grant Period	July 1, 2019–June 30, 2020
Receipt Deadline	October 12, 2018 9:00 PM ET
Notification	December 2018

This program is supported by the Chamber Music America Residency Endowment Fund.

The Residency Partnership Program supports professional ensembles and presenters in building audiences for small ensemble music through residency projects. The program funds activities that take place in community settings and that are not part of a regular concert series.

Community settings must be accessible to the specific audiences you plan to reach, such as those in classrooms, libraries, healthcare facilities, senior centers, and parks. The program does not support musical instruction, coachings or master classes for K-12 and college- or conservatory-level music students.

The Board of Directors of Chamber Music America has made diversity, inclusion, and equity a primary focus of the organization's work. CMA's goals in this program are, through the panel review process, to arrive at a final slate of grantees that is representative of the field in terms of the ensembles' race, gender, and style of chamber music. Read CMA's [Statement of Commitment to Diversity, Inclusion, and Equity](#).

Grant support of up to \$6,000 is available; residencies must take place within a one-month period.

Each year, one project featuring a classical string quartet is funded by the Sewell Family Foundation and is designated as the *Guarneri String Quartet Residency*. The recipient is selected in the final round of the review process, based on the strength of the project. No separate application is required.

Ensemble applicants

To apply as an Organizing Partner, or to take part as an Ensemble Partner, an ensemble must:

- if a classical or contemporary music ensemble, perform with "fixed" instrumentation and personnel; or be a subset of a collective or flexible roster that performs in configurations of up to 10 musicians; or—if a duo—perform as equal partners rather than soloist and accompanist, and consistently publicize itself as a duo
- if a jazz ensemble, be a composer-led group or a collective that includes improvisation as an integral part of its composition and performance

Community Partners

- are not required to be CMA members
- need not have experience in presenting music

CMA advises that Community Partners be involved in planning and organizing the activities.

RESIDENCY PROJECT

Projects must take place in the United States or its territories between July 1, 2019 and June 30, 2020. The residency must take place in a specific city, town or geographic area, not to exceed a 30-mile radius.

Projects must consist of a minimum of 3 activities taking place over at least 3 days within a one-month period.

Each residency activity must be at least 45 minutes long and performed before a live audience by the full ensemble or majority of its members. The residency may include lecture/demonstrations, workshops that involve the audience participants, pop-up concerts and other activities designed for the audiences served by the Community Partner(s).

FUNDING

Grant requests may not exceed \$6,000.

The program will fund up to 75 percent of the following expenses only: the Ensemble Partner's residency fee and related travel, hotel, and per diem; the Organizing Partner's residency-related promotion and production costs. The applicant must match the amount requested from CMA with a minimum of 25 percent of earned or contributed income. In-kind revenue cannot be used as part of the match.

If the residency is part of a larger project involving a Mainstage concert or other presentations, the program will only cover travel expenses specific to the residency, such as hotel and per diem for the additional days spent in the community.

Not eligible for funding are performance fees for an established concert series; expenses related to starting a new series; Q&A's and other Mainstage concert-related events; coachings; masterclasses; amateur or composition workshops; mentoring or teaching entrepreneurship to musicians; jam sessions or joint performances with the Ensemble Partner; faculty or staff salaries at music camps or other tuition- or fee-based training programs; private or group music lessons; recording or commissioning projects; open or closed rehearsals; private or fundraising events; indirect or administrative costs; professional fees other than that of the Ensemble Partner; activities for K-12 music students and music majors at institutions of higher education; or solo, orchestral, choral, big-band, or opera activities. NOTE: Grants are taxable income. The grantee is responsible for management of the funds, including distributing payments and tax reporting.

CMA will not accept more than one application from a presenter or ensemble. If a presenter or ensemble is part of one application, it may not be part of any other application.

Budget

Applicants are asked to submit an itemized project budget that indicates whether the projected matching revenues are confirmed, pending, or yet to be requested.
